Hi, I am Henrietta Toth Massage Therapist. At Expertmassage you can find Professional Massage Services like Relaxing Massage and Stress Relief Massage using Swedish Massage techniques. Pain Relief with Deep Tissue Massage and also Detoxicating Honey massage techniques. We are also providing superb, special therapies like Honey, Mud Pack Massages and also Body Peeling, Footrefexology or Mobile Massage Services (Southam, Leamington Spa, Coventry, Rugby). Please use our online booking site. My name is Henrietta Toth and I've been a professional Massage Therapist since 2014. I had been graduated as an economist and I had been working for years for such big multinational companies as General Electric and British Telecom. As I have always been passionate about health and fitness, during

the years in the office I felt that this is not my vocation. I have given a lot of thoughts how I can help people. Therefore I became a masseur finally. Therefore, as I wanted to bring the good effects of the massage to people I have also already experienced. I finished my massage studies in the International Massage Academy, which is one of the most well-known and the most respected institute internationally. Thanks to the good level of the educational I had possibility to learn and get practice in such famous institutes as Lukacs Thermal Bath and National Institute of Rheumatology and Physiotherapy. I gained qualification in remedial massage, Swedish massage, footreflexology and wellness/relax massage. I would like to carry to people the refreshment, analgesia and stress management through mobile massage. You can enjoy the good effects on the massage therapy in your

own pleasant environment.

ABOUT Henrietta Toth

Professional Massage Therapist since 2014

Had been working for years for General Electric and British Telecom as Economist

(BSc)

Became a Therapist finally to bring the good effects of the massage to people
