Phone: 01786437074

Intelligent Displays supplies and installs a wide range of digital signage screens, touch screens, digital signage players, and comprehensive solutions for large scale rollout. As an independent supplier, we have access to almost every brand, which occupies the marketplace and advise thousands of customers per year on the most suitable solutions for their business needs. In addition to providing our customers with hardware, we can also create content for your digital signage, or create experiences for your touch screen installations. We try to empower our customers by teaching and training them on how to get the most out of their equipment by providing online training courses based around their business needs. Phone: 01786437074
