The setup process for every Canon model is almost similar, however the download through https //ij.start.cannon or http //ij.start.cannon and installation process may differ. All-in-one Canon Inkjet printers are suitable for home, business, school, and others to improve productivity. Depending on your requirement, it offers a type printer including PIXMA, SELPHY, MAXIFY, etc. Some factors need to be in mind while choosing an inkjet printer for you. Later, you can easily set up your Canon printer through drivers from [canon.com/ijsetup](https://www.canon.com/ijsetup) , wireless connection, USB, and a few components.
