Xray4vets is a company based in Burnley in the North West of England, which specialises in Companion Animal Imaging Systems and Equine Digital Imaging Systems, as well as X-ray Doors, X-Ray Accessories and Radiation Protection PPE. We manufacture a full range of aprons, including tabard Aprons, Wraparound Aprons, and Two Piece Aprons. We endeavour to supply our customers with the very best in radiation protection at the lightest possible weight.

Brand Grade: Grade One
