Turner Medical Arts is a state-of-the-art multi-specialty medical practice in Santa Barbara, California. We started as an OBGYN practice over 40 years ago has evolved into a very innovative group of physicians providing GYN Care & Hormone Replacement Therapy, Plastic Surgery & Aesthetic procedures. Our patient-centric approach is evident in every service we provide. We are a team of experts who stay current in new technology and lean towards non-invasive or minimally invasive methods, with restore, revive and rejuvenate being our main keywords. We also provide services such as Facial Rejuvenation with injectables, skin tightening, microneedling treatments. We welcome your questions and want to discuss your concerns.
