GSS Fasteners is a member of the TGM Industrial Group of Companies and is a distributor of quality fasteners and fixings based in the West Midlands. We have long been recognized as a leading supplier of industrial fasteners since our corporation back in 1991. We can supply a range of fasteners including hexagon bolts, Countersunk Sockets, Dome Nuts, Penny Washers and coachscrews as well as other popular fasteners. We proudly distribute our galvanised products around the UK with a next day delivery service available for stock items meaning we can supply projects in sectors such as petro-chemical, rail, marine and construction with reliability. In an increasingly demanding world, quality and complete traceability is a must for any company, and to that end, we operate under the ISO 9001:2015

management system, ensuring that all materials meet standards. If you are looking for a supplier who provides industry leading service, quality, and traceability together with an extensive stock range to guarantee continuity of supply, please do not hesitate to get in touch with the team. Phone Number: 0121 557 0525
