Paws in Training is a professional Dog Training and Dog Behaviour Specialist company based in North Hampshire and covers the South East of the UK. We offer 121 private training sessions at your home or chosen location and our Behaviour Specialist works mainly with reactive or aggressive dogs, which also includes Rescue Dog Rehabilitation, Anxious dogs, phobias and many other problematic behaviours. Paws in Training has worked with troubled and traumatised dogs for over 25 yrs in Hampshire, Surrey and London and have unique and proven methods of training. We work with the dogs in front of us and will use whichever method suits the dog's speed of learning and the ability to understand what we are asking of them. This way we find a solution for each dog to change the unwanted behaviours.
