Amber Flat Roofing are a specialist flat roofing company based in the East Midlands of the UK. We provide rubber flat roofing and fibreglass flat roofing solutions to residential and commercial customers. We are able to repair your leaky flat roof, or replace the roof entirely. Our roofing services are perfect for domestic extensions, garages, sheds and garden buildings. We also provide commercial services for larger commercial units, schools and warehouses. Our team of expert fitters have years of experience installing these products and are always on hand to answer any questions about our services.
