

Perth Solar Direct - Cockburn

95 Lydon Blvd
Atwell, Atwell 6164
Australia

Phone: 1300713355

Our Cockburn team of installers takes on a wide range of installations and ensure only the very best solar panels are installed on your home. Not only is our solar team experienced but by dealing direct means that a large portion of savings are passed straight on to you, the consumer. We are fast becoming a leader in the renewable energy field with fantastic solar panel packages for both residential and commercial applications and not just in the Cockburn area. Combine this with solar inverters and solar battery installations and you are left with a solar panel package that will be sure to suit your needs. We also keep the value coming with our solar panel cleaning and repair service to ensure the panels are operating at peak output. Website: <https://www.perthsolardirect.com.au/cockburn/>
