We offer a fully tailored service and work by dedicating a small team of specialists to every project. Our office team are always on-hand to offer a fast response to enquiries, so get in touch with any questions/quote requests you have - we all look forward to hearing from you. We bring the 'Bespoke Garden' unique, innovative style and finish to every garden and because of our distinct look, we won't compromise on the quality we guarantee. We always work with trusted distributors renowned for their premium quality, and with over 10 years of experience Jakob and his team can ensure these materials will compliment all gardens and price ranges. With hundreds of gardens transformed over the years alongside our grateful clients we can proudly offer the service we deliver. Jakob, our very involved founder has an extensive knowledge of plants in both English and Latin as well as an undisputable eye for landscaping and materials. This together with a dedicated team, great work ethic

and unique brand makes us who we are today.
