

IV League Drips Sydney

level 6/1 Chalmers Cres
Mascot, NSW 2020
Australia

Phone: 0420470704

IV League Drips is a company specialising in health and wellness through inner health. We are a mobile Intravenous therapy company offering vitamin and hydration. IV League Drips was a visionary wellness company brought to life in 2018 by Rosalie McEvedy. During an eye-opening trip overseas, Rosalie first discovered the efficacy of IV drips to administer vital vitamins and nutrients, especially to those who were otherwise deficient. With over five years of experience in the pharmaceutical industry and additional nursing education, she created IV League with the knowledge and wisdom she had garnered in both industries.
