"Clearview Security is a local West Australian business that has been servicing the people of Perth's security needs for over 15 years. Over time, we have built a strong reputation for listening to our customers' needs, delivering exactly what they want and doing so in a reliable, polite and tidy manner. Not only are we one of the few security consultants in WA offering the exceptional quality of Crimsafe screens and doors, we can also assist with a range of security products including grilles, solar film, cyclone screens and Safe'S'Scape screens. Our business puts quality and service first, and we rely on satisfied customers' referrals. We give each job our utmost care and attention and your satisfaction is our number one priority."
