

Thirsty Works

Thirsty Work Ltd 25-26 Apple Lane
Devon EX2 5GL
United Kingdom

Phone: 1392877172

Since being established in 1995 we have been supplying businesses with their water dispensers, bottled water coolers and instant hot water dispensers. We have grown to become one of the largest local water cooler suppliers, offering a full range of bottled and mains fed water coolers, hot water dispensers, water bottling systems and water fountains. Our 100% natural pure spring water is bottled exclusively for ourselves and as such is not available anywhere else. We are approved by the Water Dispenser & Hydration Association. This gives you the reassurance that our bottling, installation and maintenance procedures are carried out to the highest hygiene and quality standards.
