Fresh Drains Ltd is your trusted, local drainage specialist, proudly serving Battersea and the wider South West London area. With a commitment to fast, reliable, and affordable drainage solutions, we're the go-to experts for homeowners, landlords, and businesses alike. Whether it's a sudden emergency or routine maintenance, our fully qualified team is on hand 24/7 to solve your drainage problems quickly and efficiently. Our wide range of services covers all aspects of drainage - from simple blockages to complex system repairs. We understand how disruptive a blocked drain can be, and our engineers are trained to identify and fix the issue with minimal fuss. Whether it's a blocked shower, blocked bath, or a persistent issue with your kitchen sink, we have the tools and experience to get everything flowing again. One of our most requested services is sink unblocking - a common problem in

homes and businesses that can quickly escalate if not dealt with. Our prompt response times and effective methods ensure your sinks are cleared and functioning as they should, without the need for harsh chemicals or temporary fixes. Similarly, we offer professional services for unblocking toilets, treating every job with discretion and efficiency. In addition to reactive unblocking, Fresh Drains Ltd also specialises in CCTV drain surveys - an essential service for diagnosing underlying issues in your drainage system. Using state-of-the-art equipment, we can visually inspect your drains and provide a detailed report, ideal for property purchases, persistent problems, or pre-emptive maintenance.
