We might be an independent company but we're one of the biggest garden machinery dealers in the country. It's because we work hard to give our customers the best experience possible when buying garden machinery. Along side our website we have a large showroom with our bestselling items. With over 30 years experience in the garden machinery industry we are ideally placed to give you the best possible advice on a huge range of products including lawnmowers, garden tractors, trimmers, chainsaws and many more. Our staff will always endeavour to match you with the right tool for the job. Website:
