Henry Hogg provide hog roast hire across the North East. Our delicious hogs are cooked to perfection every time. From weddings to corporate events, we have you covered when it comes to hog roast hire in the North East. We travelled many miles come rain or shine to sample roast after oast. It's a journey we took in order to provide you with the perfect hog roast. Along the way we met some fantastic people, created long lasting relationships with local farmers and carefully selected some extra special fillings to keep your taste buds happy. Website:
