I'm Matt, a content creator in the North East with a sharp eye for style and a no-nonsense approach to video. My work is all about reels, edits, and films that feel real. From weddings and fashion shoots to branding projects and live events, I create content that captures energy, detail, connection, and that magical moment, turning them into visuals you'll be glad you waited for. I focus on offering a full range of video-first content. While I shoot photographs when they add to the story, my main work is video and film. Whether it's a wedding, a brand campaign, or a live event, I build edits that combine shots, frames, and moments into something you'll want to share.

~~Based in North East England, I cover Newcastle, Durham, Sunderland, Teesside,~~

beyond - across the world! My work is designed to connect with your audience, whether that's friends and family watching back a wedding film or clients scrolling through your brand content on Facebook. Your wedding day is the best day of your life and every detail deserves to be remembered. I specialise in North East wedding videography, filming the whole day from the ceremony to the first dance and the night that follows. As a videographer and photographer, I capture the candid moments, the laughter, the fun, and the raw emotion that makes your love story unforgettable. Whether it's the nerves before you walk down the aisle, the tears during speeches, or the energy on the dance floor, I'm there to film it all. Many wedding venues in North East England offer amazing views, and I use them to frame your story in a way that feels cinematic. The result is a wedding film that blends romantic highlights with natural storytelling from your big day. Website: <https://www.contentbymatt.co.uk/> Phone Number: 07581 880486
