

Wapping Accountants

5 Orient Wharf, 74 Wapping High Street, Wapping
London, Greater London E1W 2NP
United Kingdom

Phone: 07725 044175

Our self assessment tax return services are designed to simplify what can often be a complex and stressful process. Whether you're a sole trader, a partner in a business, or an individual with extra income from property or freelance work, we guide you through every step ensuring accuracy, meeting deadlines, and maximising reliefs where legally possible. Making Tax Digital (MTD) is now compulsory for all VAT registered businesses. From April 2026, MTD is being extended to individuals and landlords whose gross income exceeds the first threshold of £50,000 per annum. Further Roll-outs will follow in subsequent tax years for lower income levels. Wapping Accountants helps you stay compliant

without the burden. We prepare and submit your VAT returns on time, advise you on your VAT obligations, and assist in transitioning smoothly into MTD systems. Our bookkeeping & accounting services further support you by maintaining meticulous financial records and assisting you with preparing and filing documents to HMRC and Companies House.. Our payroll services wrap ensures your staff are paid correctly, taxes and deductions are handled properly, and your compliance obligations (such as RTI) are met in full. From small teams to growing businesses, we tailor our payroll solutions to your needs, freeing you to concentrate on growth. Get in touch with Wapping Accountants today for a free initial consultation and discover how our hands-on approach can help make your accounts stress-free and

accurate. Website:
